PROFESSIONAL SUMMARY

Highly motivated Fullstack Developer and recent Informatics graduate (GPA: 3.13) from University Technology Yogyakarta. Skilled in building scalable web and mobile applications using React Native, Next.js, and Node.js. Demonstrated ability to deliver end-to-end solutions, including a comprehensive e-commerce platform with seamless payment gateway integrations. Proven leadership experience managing large-scale events and mentoring teams to regional competitive victories.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript

Frontend & Mobile: React Native, Next.js, Tailwind CSS

Backend & Databases: Node.js, Express.js, Supabase

Tools & Technologies: Git, GitHub, Postman, Figma

EDUCATION

University Technology Yogyakarta

September 2022 - July 2026

S1 Informatika (Bachelor of Informatics) | Yogyakarta, Indonesia

- GPA: 3.13 / 4.00

PROJECTS

Tobacco E-Commerce Platform & Admin Dashboard

2025 - 2026

University Final Project

- Developed a full-stack, cross-platform e-commerce ecosystem consisting of a React Native mobile application for consumers and a Next.js web application.
- Engineered a secure backend architecture utilizing Supabase for relational database management and user authentication.
- Built a comprehensive admin dashboard to empower business owners to manage product inventory, track orders, and monitor sales metrics efficiently.
- Successfully integrated Midtrans and Cashify payment gateways, ensuring secure, multi-option, and seamless checkout experiences for end-users.

LEADERSHIP & EXPERIENCE

Moonton Student Leader

September 2023 - February 2026

Campus Leader

- Orchestrated and executed 41 Mobile Legends e-sports tournaments, successfully driving campus engagement and community building.
- Managed event logistics, brackets, and operations for participant pools consistently scaling between 40 to 80 players per tournament.
- Coordinated tournament structures and managed budgets to successfully host 4 premium events featuring cash prize pools.

UKM Olahraga UTY

September 2023 - September 2024

Pembinaan Prestasi (Performance Development)

- Mentored and coached university students in competitive e-sports, developing training schedules, teamwork exercises, and game strategies.
- Led the university's Valorant and Mobile Legends teams to secure 3rd place finishes in highly competitive regional tournaments across all of Yogyakarta.
